Our Story

Sushi Do was launched in 2007 to offer premium-grade sushi products. We have over fifteen years of experience in providing top-quality Japanese food services. Our success is due mainly to our stress on formalized chef training and best-in-class quality products. Our model is unique and offers customers a healthy, tasty alternative to many of the mainstream food offerings. We don't believe in a one-size-fits-all approach. We tailor our sushi program according to our client's needs.
